## Nine District Schools Soon to Call Back 13,000 Pupils

By GLENN SCHOTTEN  
Time for teachers, time for books. . .  
In little more than two weeks, a great throng of more than 13,000 children will be filing back into classrooms at nine Salem district schools to learn many facts and possibly some wisdom from tomes and teachers.  
Most will be returning to familiar haunts. The same old desks, foot-worn floors, ancient blackboards . . . usually the same teachers. Others will be moving into shiny, new rooms with the most modern of features.  
Many will be greeted by brand new faces behind the teacher's desk in a year of considerable teacher turnover.

THE MAJOR PHYSICAL change in district school systems

is easily the impressive, polished West Branch High School just south of Beloit whose doors will swing open to pupils for the first time Sept. 4.  
Executive Head Clinton Heacock reports that finishing touches are being given to the school and it will be ready for occupancy on opening day. The old high school at Damascus will become the junior high.  
One of the largest area consolidated schools, West Branch district will have a student population of about 2,830 this year, a rise of about 90 more than the 1962-63 term, according to Heacock.  
A raft of new teachers — 29 in all — will be on hand this year, part of a corps of 104 instructors Knox Local, Beloit, Maple Ridge at the high school, junior high

and Goshen Center schools.  
Twenty-five buses are being readied to transport pupils from the largely rural district into the six centers.  
CHANGES IN POLICY this year include the charging of fees for some classes and the forbidding of students to leave the premises during the school day without the principal's permission. The board of education also outlined policy making morning religious or patriotic exercises voluntary. The policy is no different but the board merely wanted to establish it formally on paper, Heacock said.  
Heacock said several persons will be interviewed this week in the search for a replacement for John Pickens whose resignation as principal of Knox Local School

ELEMENTARY PUPILS AT Greenford will move into a new wing built this summer. Superintendent Woodrow Bailey says. Other physical improvements include an enlarged shop area and better library facilities. Greenford schools are expecting

about 600 pupils or an increase of 20 or 30 students when schools open for the first full day Sept. 4. The usual increase in recent years has been about one classroom per year, Bailey said.  
The regular staff of 30 teachers is complete except for a mathematics instructor. The administrator said he hopes to have this position filled by opening day.  
LEETONIA SCHOOLS will resume Sept. 3 with 10 new beginning teachers aboard, four of them neophyte instructors.  
A major change this year will be the expansion of the increasingly popular ungraded system to include Orchard Hill School. This will mean the new plan encompasses grades one through four at South Side, where it was pioneered, at Washingtonville and

now Orchard Hill.  
Leetonia Superintendent Victor Wood said the latest school census shows 1,268 children ready to return to school, including 661 boys and 607 girls.  
SWEEEPING CHANGES aimed at improving the over-all educational program in the Lisbon school system have been taking place under Superintendent Oliver Payne, who is entering his second year as executive of the 1500-pupil district.  
Anticipating the opening of school Sept. 4, Payne said, "We are working hard to improve reading and the language arts program and lending diversity to the general program to meet the needs of pupils." Special emphasis will be given starting this fall

to strengthening the English program.  
More stress will be placed on teaching world culture and senior civics. Plane and solid geometry have been combined into one course. Another year of French has been offered so that a student may now take four years.  
Special education will be offered for the first time in grades four through six. About 16 students will be instructed by Mrs. Dorothy Foulkes, who was a substitute teacher last year.  
A search is on for a teacher to take charge of the industrial arts program and social studies (geography and economics). Payne said a prospect is in sight to teach biology and general science. The industrial arts instructor sought

### Take Issue With Teller's Testimony

## Defense Dept. Scientists Support Test Ban Treaty

WASHINGTON (AP)—The Defense Department's top scientist testified today the Soviets could not gain any substantial advantage under the limited nuclear test ban treaty even if they "cheat to the maximum extent possible."  
Dr. Harold Brown, defense director of research and engineering, added that if the treaty is fully observed U.S. nuclear superiority over the Russians actually will improve.  
Brown took issue with the views expressed Tuesday by Dr. Edward Teller, Air Force nuclear consultant, who said ratification of the treaty would be "a dreadful and tragic mistake."  
Brown testified at a public session of the Senate Foreign Relations Committee at which members of the Senate Armed Services and the joint Atomic Energy committees sat in. This is the

same forum before which Teller delivered his blast at the treaty.  
This was the seventh day of the group's hearing on the proposal to ban all nuclear testing underground.  
President Kennedy waded into the argument Tuesday at his news conference.  
The President:  
—Sharply denied a Teller charge that the administration curtailed atmospheric tests last year for political reasons.  
—Disclosed that preparations for U.S. Pacific tests are already under way as a precaution to Soviet violation of the treaty.  
—Disputed a central Teller contention—that the Soviet Union is ahead in the antimissile race and that the treaty would cement the Soviet lead.  
On these points Kennedy said:  
1. After the Soviets broke the three-year test moratorium in

1961, the United States set off 38 atomic explosions in the air and 97 underground. Although atmospheric shots were held to a minimum, because of the hazard from radioactive fallout, several more were fired than originally planned.  
2. In response to senatorial demands, the administration is sending the foreign relations and armed services committees a letter detailing plans for Kennedy's four promised safeguards against any treaty violation. These are continued nuclear laboratory work, readiness to resume atmospheric testing, a vigorous series of underground tests and improvement in methods of detecting sneak tests.  
3. Secretary of Defense Robert S. McNamara already has given the most specific and clear answer possible on the antimissile missile

## Kennedy Plugs For Foreign Aid

### Urges Approval of \$4.1-Billion Measure

WASHINGTON (AP)—President Kennedy has put in a strong plug for his foreign aid program, timed to the opening of House debate in the big measure.  
"However tired we may get of this program, our adversaries are not tired. I don't think this country is tired and the cause of freedom should certainly not be fatigued," he told a news conference Tuesday, only hours after the \$4.1-billion authorization bill reached the House floor.  
Asking for full House support of the bill, Kennedy said: "No party or group should call for a dynamic foreign policy and then seek to cripple this program."  
"One wonders which concrete actions critics would like to stop," he said. "Should we scrap the Alliance for Progress, which is our best answer to the threat of communism in this hemisphere? Should we deny help to India, the largest free power in Asia, as she seeks to strengthen herself against Communist China? Do we wish to dismantle our joint defenses in Korea, Taiwan, Pakistan, Iran, Turkey and Greece, countries along the very rim of Communist power?"  
"This is not the time to slacken our efforts," Kennedy said.  
Kennedy's words drew an echo in the house from Rep. Thomas E. Morgan, D-Pa., chairman of the House Foreign Affairs Committee.  
"Now is not the time to scrap the entire program. It would mean our entire foreign policy would have to be revised and our military policy completely reorganized," said Morgan, who is guiding the measure through the House.  
The bill may reach the amendment stage late today.  
Rep. E. Ross Adair, R-Ind., leader of the GOP opponents on the committee, served notice that his forces will try to slice more from the military assistance portion of the bill and the President's contingency fund. The committee has cut a total of \$260 million from these two categories.

## JFK Asks Rights, Tax Bills Passage

WASHINGTON (AP) — President Kennedy says his "very vital" civil rights and tax programs are too important to be pushed aside by Congress until 1964. He wants votes on both this year regardless of how long it takes.  
"And I think most congressmen will agree that they should meet their responsibilities" in these two fields before they go home, Kennedy told a news conference Tuesday.  
In reply to a question, Kennedy said he saw no reason Congress couldn't be kept in session long enough to act on his civil rights and tax programs.  
"What is the advantage of putting it over until next year? We have other problems. We have an election year. There are a good many excuses next year to get out of town," he said.  
Congressional action is expected this year on civil rights. But Republican congressional leaders and some top Democrats have questioned whether there will be action this session on Kennedy's broad tax program.  
The President told his news conference his civil rights program represents "a response to a very serious national crisis."  
And he described tax reduction as "a matter that affects employment, jobs, our economic prospects, the struggle against a recession." He said the present state of the economy, which he tabbed as good, "is predicated in part upon a possible tax cut."  
Kennedy noted that he had asked for tax reduction last January. He said a year ought to be enough time for Congress to act on it.  
Democratic leaders have said they hope to bring the measure before the House after Labor Day. However, Senate action may be delayed by an expected filibuster over civil rights. The Senate apparently is going to wait for the House to act first on the issue.  
The President said racial discrimination was a matter with which he said the issue isn't going to

## Negro Gangs Battle Police In Birmingham

### Bomb Rips Home Of Lawyer; More Outbreaks Feared

BIRMINGHAM, Ala. (AP) — Seething racial tensions exploded with new violence Tuesday night and left Birmingham fearful of still more trouble when its schools desegregate two weeks from today.  
A dynamite bomb ripped away part of the fashionable home of a Negro attorney, and minutes later angry gangs of Negroes ramed the streets, hurling rocks at police and passersby.  
No One Injured  
No one was injured in the bombing at the home of Arthur D. Shores, an active participant in the struggle against segregation. Two policemen were struck by rocks, but were not believed seriously hurt.  
Two Negroes were jailed on charges of rock-throwing and another for carrying a gun.  
Police Chief Jamie Moore said his officers, with the help of deputies from the sheriff's office, broke up the rock-throwing crowds and restored order two and a half hours after the bomb tore a four-foot hole in a corner of Shores' garage, which is attached to the eight-room brick house.  
Car In Garage Damaged  
A Cadillac parked in the garage was damaged.  
Shores was alone in the house, watching television in a bedroom and waiting for his family to return from a movie.  
The force of the blast left the lawn, driveway and interior of the house littered with glass, roofing and splintered wood. The explosion

The fiscal year, 1963-64 has been designated by the YM as "Year of Visitation" in the "Decade of Advance." Two goals have been set—one of 50,000 visits to be made by the ministers and one of 50,000 visits to be made by the

## Iraqi Military Placed on Alert

### Act Follows Syrian, Israeli Border Clash

DAMASCUS, Syria (AP)—Iraq mobilized its army and air force on standby alert today and announced it was placing its armed forces under the command of the Syrian National Revolutionary Council following air and ground clashes between Syria and Israel.  
Both Damascus and Baghdad radios canceled regular programs and whipped Syria and Iraq into a state of excitement with martial music, messages of support and threats against Israel.  
Baghdad Radio declared Iraq's ruling National Revolutionary Council is "prepared to support Syria immediately with all military means and moral resources."  
A council statement said the entire armed forces were in a state of alert and were being placed under the Syrian high command.  
The Iraqi defense minister, Gen. Saleh Mahdi Ammash, announced all airports west of the Euphrates River were on standby alert, all planes were ordered to be ready

## Earlier Effort Halted by Fear Of New Cave-In

### Two Trapped Men Report Hearing Isolated Companion

HAZELTON, Pa. (AP)—Drilling of a new escape hole for the three trapped miners began today.  
Two of the men, trapped 331 feet underground and able to talk to the surface through a six-inch hole, reported they had re-established contact, after nearly 40 hours, with a companion who is separated from them by a wall of debris in the tunnel where they fled after the main mine shaft walls collapsed eight days ago.  
Doubts Contact Made  
But Arthur Joyce, a state mine inspector, cast doubt today that there had been any contact with Louis Bova, 42.  
The other trapped men, David Fellin, 58, and Henry Throne, 28, set off a scene of wild rejoicing on the surface late Tuesday night when they told of talking briefly with Bova and then getting answering knocks on the mine wall after they no longer could maintain voice contact with him.  
This morning, however, Joyce said that at the time the other men reported hearing from Bova (the Joyce) could hear nothing.  
The other men requested, and received, small tools to try and dig toward where Bova was trapped.  
Two Holes Drilled  
Two six-inch rescue holes have been drilled into the mine—the lifeline one through which Fellin

2 Injured When Truck Overturns  
A pickup truck hit a guard rail and overturned Tuesday morning on Route 164, three miles south of Lisbon, injuring the driver and his passenger.  
The passenger, Albert Seigler, 58, of RD 1, Lisbon, is in fairly good condition in Salem City Hospital with contusions of the chest and ear cuts. The truck operator, Lloyd C. Close, 65, of RD 1, Wells-ville, with contusions of the left hip and forehead, was treated and released.  
The Lisbon barracks of the State Highway Patrol said Close was traveling north on Route 164 when he approached a left-turning vehicle from the rear. Close lost control of the truck which went off the left side of the highway, struck the rail and rolled over.  
Close was arrested for driving at a speed excessive for conditions.

LEETONIA—A special meeting of the Booster Club will be held at 8 p.m. Thursday at Orchard Hill School.

Mr. and Mrs. Russell Smith and Mrs. Joanna Rogers attended the Lynn reunion Sunday at the home of Dr. and Mrs. Lynn Mansell of Medina.

Mr. and Mrs. George Weikart have returned from a vacation at the Badlands and Mt. Rushmore, S.D. and Devil's Tower and Yellowstone National Park, Wyo.

Mrs. Jon Harnden, who were recently married.

The newlyweds, both with the Navy, are stationed at Glync, Ga. Eighteen Girl Scouts have returned home after spending a week at Twin Spruce near Leesville. Mrs. James Rance, leader of Troop 11, and Mrs. Jerold Smith accompanied the girls. Gwen Navojosky was senior counselor.

## Nikita Lauds Progress of Communism

BELGRADE, Yugoslavia (AP)—Soviet Premier Khrushchev told Yugoslav workers today that the enemies of communism would one day want to live in Communist countries.

He also said the fact that Soviet Union now is rated one of the two big powers in the world along with the United States was a good argument for the Communist system.

Khrushchev made his remarks in an hour-long speech during a visit to the giant motor plant at Rakovica outside Belgrade.

In his address and extemporaneous remarks, he hailed Yugoslav-Russian ties and declared that the 1948 break between Belgrade and Moscow had accomplished nothing.

On another subject, he said that the Soviet Union was far ahead of the United States in the space race.

"The Americans say they will catch up with us. But they should not forget that we will not sit with folded hands," he said.

Khrushchev hit hard at the theme of Yugoslav-Soviet unity. The Soviet Union has been pressing a campaign to bring the two countries—both targets of Red China's hard-line wrath—closer together.

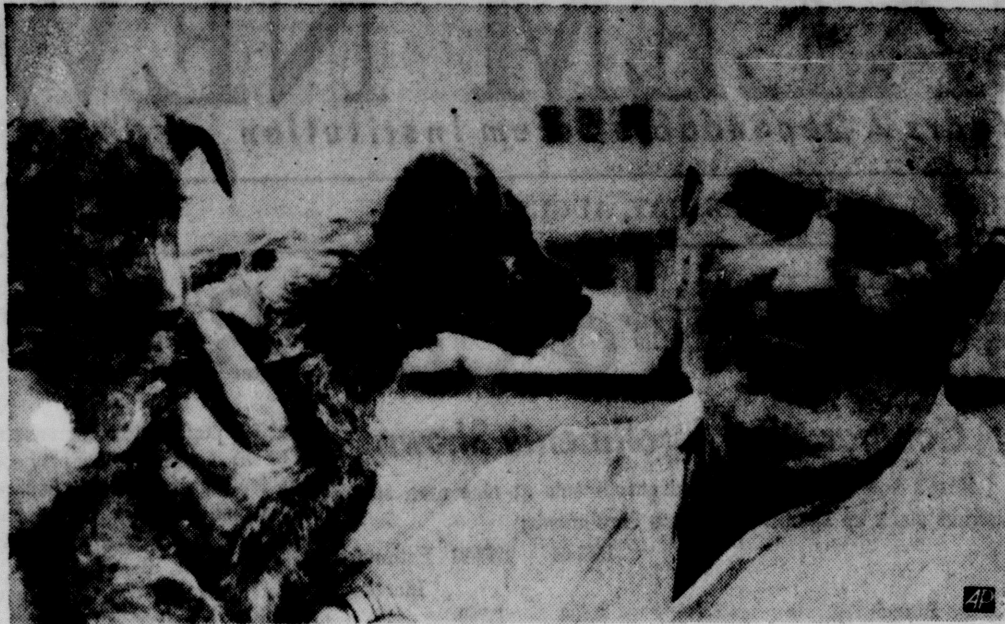

"Our attitudes are identical or quite close," said Khrushchev. He added: "You and we have a joint enemy—imperialism—and there is no reason why we should not go along together."

## Wife Makes Faces, Hubby Asks Citation

LOS ANGELES (AP)—Actor Jacques Bergerac wants his estranged wife, actress Dorothy Malone, cited for contempt of court because, he says, she makes faces at him when he visits their two daughters.

Bergerac testified Tuesday in court that Miss Malone was trying to alienate the girls, Mimi, 3, and Diane, 18 months, from him.

Bergerac and Miss Malone, both 35, are awaiting trial of divorce suits against each other.

WHITE HOUSE PUPS TO LUCKY KIDS. These two White House puppies, Butterfly, right, and Streaker, born to Pushinka, daughter of Soviet space dog Streika, and Caroline Kennedy's pet, Charlie, held by presidential aide, Traphes Bryant, will be sent to Karen House, Westchester, Ill., and Mark Bruce, Columbia, Mo., the White House announced. Mrs. John F. Kennedy selected the two youngsters from over five thousand letters written by children asking for the puppies.

## County School Board Okays New Policy on Promotions

LISBON — The Columbiana County Board of Education Tuesday approved a policy regarding promotions of administrative personnel in county school districts.

Under the policy a qualified employee in the county school system will be given preference for advancement over a new applicant with the same qualifications.

In other action the board recommended selection of the Pioneer Mutual Casualty Co. to provide pupil insurance for the coming term.

The four county school systems plan to hold orientation sessions for about 60 new teachers in the system it was reported. The county systems are expected to have between 240 and 245 teachers this term. The orientation will be held at Beaver Public School Sept. 7 at 8 a.m. County board members and local board members have been invited.

Herbert Black of Lincoln Highway, south of West Point, told the board the sophomore class at Beaver Local had planted Christmas trees during school hours last year for the Tassie Coal Co. He also informed the county group he intends to sue Beaver Local Board for dismissing his wife as a cook at the West Point cafeteria.

Two resolutions passed by the Southern Local Board were read. One concerned an appeal of Judge Raymond S. Buzzard's ruling on payment to Ansel Jones for transporting his children to a school bus stop.

The other resolution regarded the payment which will be allowed by the Southern Board for transportation in the future.

The county board recommended to all county school systems that they consider adjusting their school hours so school buses will not be on the road during the early morning heavy fog.

Mrs. Freeman Strabley of Sallineville, president of the county board, was elected a delegate to the Ohio School Boards Association meeting in Columbus Nov. 13-14. Olin Sanor of North Georgetown, vice president, was named alternate.

Supt. James L. McBride reported a meeting of all county executive heads and school board members will be held Sept. 12. Byrl Shoemaker, director of the state department of vocational education, will speak on a proposed vocational high school for the county.

McBride also reported on Fairfield-Waterford's special education class this year. Sept. 4 has been designated surplus property day for county schools, but because the date falls on the first day of school, none of the executives are expected to make the trip to Columbus, he said. He advised the board he will go to Columbus Aug. 28-29 to discuss the county budget and teacher certifications.

Bills of \$895.06 were ordered paid. The board's next meeting will be Sept. 17 at 8:30 p.m.

## Students To Tour W. Branch School

The freshman class of 224 will sneak a peak at their brand new West Branch High School Monday at 1 p.m. before they report for the first day of classes Sept. 4.

Principal Ramon Scott says sophomores, juniors and seniors new to the district will also take part in the orientation program.

The first high school handbook in the history of the system, prepared by Scott and his secretary, Mrs. Gladys Ingham, will be handed out to pupils at the session in the cafeteria.

Executive head Clinton Heacock will extend a welcome followed by announcements by the principal and Burt Hendricks, new assistant principal who was promoted from the mathematics department.

The pupils will then be divided into groups and taken on tours of the new one-third million dollar structure on Route 173, just south of Beloit.

Scott reported a surprisingly heavy registration of new senior high school students this year, reflecting population growth in the district.

## Hays Not Impressed By Gross' Demand

WASHINGTON AP — Rep. Wayne L. Hays, D-Ohio, indicated Tuesday he was not much impressed by the demand of Rep. H. R. Gross, R-Iowa, for removal from office of Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara.

Gross told the House in debate over the \$4.1 billion foreign aid bill the two cabinet members had been lobbying for the measure although federal law prohibits such action by administration officials. Hays remarked that he received letters many times during Republican administrations from government officials concerning legislation affecting their departments.

Genesis, first book of the Bible, makes reference to the use of horses for pulling war chariots.

# Teachers Are Also Worth Studying

**By The Reading Laboratory**

So far, we've been discussing the ways in which you should accommodate yourself to your courses—how to develop a constructive attitude toward school and how to pinpoint the purposes behind each course. But for every course you take, you also take a teacher, and until teaching machines take over the classroom, it's important to study your teacher.

The old cliché says "If you can't fight 'em, join 'em," and since there's no point in working at cross-purposes with your teacher (he marks you), learn how to work with him. Working with a teacher is not the same as apple-polishing. You have to work with people all your life; start making a science of it.

Here are the major things to look for when studying a teacher:

**WHAT PART OF THE** course does he like best? What part does he like least? Watch out for small points that your teacher spends a lot of time on—he likes those points. They may be on a test. If you catch your teacher supplying a lot of seemingly unimportant background material make sure you learn that "seemingly unimportant" material. If you can give it back on a test, your mark may soar.

Does he like argument in the

classroom? (Not fights, of course, but intelligent discussion of both sides of a problem.) Some teachers don't—usually because they're pressed for time. But try yours out. Bring up a question that contradicts one of his own statements. If he likes it, do it again. If he doesn't, it may be best to

keep quiet when you disagree. There's no point in irritating him.

**DOES HE MARK** for class participation, or does he just count tests? This will usually depend on the size of his class; the best way to find out is to ask your teacher. If he marks for class participation, whenever you feel you have something to say, say it!

Does he like to give pop quizzes? If he does you'll have to prepare for class every day. Whenever possible, check for this with older students who have already had your teacher.

What kind of tests does he give? Essay questions? True-False? Multiple choice? What kind of answers does he like? Good understanding of main idea? Tiny details? You'll have to adjust your studying to his tests; it can save you a lot of unnecessary work. You can check this out with older students.

See if he has "good days" and "bad days." Mondays are just as rough on teachers as they are on you. Don't go out of your way to give your teacher a hard time on his bad days.

Make a private appointment with your teacher. It can be helpful to both of you. He'll be glad to see you but be sure you have something specific that you want to talk over; he may not have time for just small talk.

(NEXT: How to disagree with your teacher and still get good marks.)

## Fancy Way of Saying 'No Sale'

If you're a selective shopper — a fancy way of saying bargain hunter — you should be interested in some summer madness in Congress called "quality stabilization" — a fancy way of saying price fixing.

Reports from Washington indicate this legislation is getting more than cursory consideration. It would enable the owner of a brand name to keep price cutters from advertising his product below the price the brand owner specifies.

What this means to you selective shoppers, bargain hunters if you will, is that the tube of all-purpose stickum you used to save a quarter on at the discount house suddenly would be wearing a universal price tag.

IN CASE you haven't guessed by now, the heat for this kind of law is coming from small manufacturers and retailers who reason without much logic that it will disarm the discounters.

We're not trying to belittle the small guys' problems with the big discount houses or the regular outlets who also cut prices. The problem is one of economic life or death for many, but it won't be solved by price fixing.

A frozen price could give independents a short-term advantage, but the discounters could be expected to come up with comparable brands of their own which no true

bargain hunter would pass up for long.

The real problem with the price-fixing idea is that it proposes stability by means of the old discredited government control system.

Government price fixing, as demonstrated by the wartime OPA, doesn't work. People, especially the bargain-hunting variety, have shown they can go to considerable lengths to skirt rules that go against normal instincts.

The fact that you're able to buy the same brand owners' products in discount houses and small retail outlets now indicates an awareness by manufacturers that the discount trade is too lucrative to ignore. No matter what they say publicly, the brand owners still putting the products on the shelves. And if any crying is being done, the tears are falling on tinkling cash registers.

SO-CALLED fair trade legislation has failed to catch on for similar reasons.

The would-be price fixers seem to be doing some remarkably fuzzy economic thinking. Or maybe they just haven't considered the consequences. But it would seem that they might be using a wrecking bar in an effort to build a better market place.

We think Congress has enough weighty matters hanging fire without getting too excited about "quality stabilization."

And that's a fancy way of saying, "Forget it."

## A \$5 Million Lesson

Although James H. Meredith received his diploma and became the first Negro ever graduated from the University of Mississippi, there was doubt in his mind as to what had been accomplished by his ordeal.

Reflecting on his year at Ole Miss a few days before commencement day, Meredith said he went to the university with two objectives. "One was to carry out the American ideal that all citizens are entitled to an equal chance for an education. There have been certain gains of course.

"The second, more important objective

was to replace the system based on the idea of white supremacy. I'm not at all confident we have made any real progress here.

"I walked out of my classroom, there was a federal marshal waiting in the hall. I walked outside—there was another federal marshal.

"All this," he said "is really an acknowledgement of white supremacy. . . .

"That's why I don't think we've made any progress there."

At another time in his university year, Meredith said: "I am the most segregated Negro in America."

That Meredith feels he failed to accomplish the objective of his ordeal, is a view shared by others.

He received what some are calling the \$5 million diploma, that being the estimated cost of the soldiers and U.S. marshals it took to get and keep Meredith at Ole Miss.

The lesson to be learned from Meredith's experience is that integration cannot be accomplished by military force or bought with money—it must come from free acceptance by the people themselves.

## Fund Drive Ahead

Although the Oct. 8 launching date for Salem's United Fund campaign is seven weeks away, leaders of the Community Fund Association are busying themselves now to lay the groundwork for what is hoped will be another successful effort.

The recently-adopted \$86,250 budget—up \$4,250 from last year's quota—is a reasonable goal for the worthy program which keeps the vital "red feather" agencies operating a full year. Chairman Ray Reasbeck and his assistant, Raymond Stiver, will need the full support of every fund canvasser and every potential contributor when the time comes so that the drive can be wrapped up in short order.

## Be a Booster

Whether it be football, basketball, track or the high school athletic program in general, the Salem Boosters club plays an important role in kindling the fires of community support that are so necessary to a wholesome, rewarding program.

And who belongs to the Boosters club? Hundreds of Salem citizens from all walks of life who are dedicated to helping Salem Senior High School wherever and whenever they can. You, too, can join during the current membership campaign.

## Manhattan Sinking

By Truman Twill

Will New York City streets be under water in another 1,000 years?

When geologists answer, "probably," they are basing their prediction on the current sinking rate of the Earth's crust under Manhattan Island, Long Island and Northern New Jersey. That's running at one-tenth of an inch a year.

But geologists also like to look back over the past. Thanks to the work of four amateur geologists digging among 6,000-year-old oyster shells near Croton-On-Hudson, N.Y., the professionals can now be certain that the Hudson River was at least 10 feet higher in 3900 B.C. than it is today.

Thus, much of New York has already been under water once. That was just a few thousand years after 1,000 feet of glacier melted, according to Dr. Rhodes W. Fairbridge, professor of geology, at Columbia University, the current sinking also is the glacier's fault.

The tremendous weight of the ice crushed north of the city. When the glacier melted away between 12,000 and 6,000 years ago, down the upper layers of the earth's crust the crust started to come up again. Since the farthest reach of the glacier was just below Staten Island, Manhattan is the edge of the glacial depression. As that dent is smoothed out again, the edges around it sink.

THE AMATEUR geologists—led by Louis Brennan, Ossining, N.Y., writer of fiction, and Sigfus Olafson, Larchmont, N.Y., mining engineer started digging into oyster shell heaps on the West Bank of the Hudson River back in 1958.

The Indians who lived in Southern New England and Lower New York State were innocent of the arts of agriculture when Middle-Eastern Man had been tilling the earth for several millennia. In their wanderings in search of edibles the Indians came upon the Hudson River oyster beds, dug the shellfish and cooked and ate them.

Fortunately for Mr. Brennan and his fel-

low diggers, the Indians threw the oyster shells in heaps. The white piles are still there under a few inches of soil on undeveloped promontories of the Hudson all the way up to Poughkeepsie. Those piles form a precise geological record.

"The Hudson River had risen approximately 45 feet in 200 years' time," Mr. Brennan explained. "The rise was, paradoxically, accompanied by warm and dry weather. The rise in the Hudson level came from warm, salt water pushing inland from the rising oceans. As the water grew warmer and saltier, the oysters grew bigger and bigger."

Then, according to evidence recently unearthed by the amateurs at Montrose Point, there was a period when no oysters grew. In the shell heaps there is an easily discernible line where, for several centuries, no oyster shells were discarded, and leaves, twigs and other elements formed a thin layer of soil. Above this half-inch of soil, the oyster shells begin again but much smaller.

THE INDIANS didn't like their oysters raw. Another break for the geologists. Charcoal contains minuscule amounts of an isotope of carbon (Carbon 14) that is faintly radioactive for thousands of years.

So a year ago, the four geologists sent a carbon sample from their lower oyster shell dump to the Yale Geochronometric Laboratory in New Haven. The other day, Dr. Minize Stulver of Yale reported that the radioactive Carbon 14 tests showed the campfire remnant to be 5,850 years old, give or take 200 years.

Mr. Brennan gleefully received this date as the oldest man-connected event in New York State, one of the oldest in the entire Northeast.

"The date is one of the most interesting we have had in a long time," says Columbia's Prof. Fairbridge, "it confirms our dates from other parts of the world indicating that there was, indeed, a biblical flood 6,000 years ago.

# Military's A-Pact Support 'Political Evaluation'?

By DAVID LAWRENCE

The Constitution says the president "shall have power, by and with the advice and consent of the Senate, to make treaties."

There is no evidence that the text of the limited nuclear test-ban treaty signed in Moscow recently was ever submitted in advance to the Senate so that it could tender its advice before the document

was signed. There is no evidence, either, that the text was shown to all the members of the Joint Chiefs of Staff before it was initiated and then signed at Moscow.

Gen. Curtis LeMay, chief of the U.S. Air Force, told a Senate committee on Monday that "I think I would have been against" the treaty if it had not already been signed.

He added that "the fact that it has been signed had an effect on me, yes," because "there might be some political disadvantage if we don't ratify it."

This frank observation indicates

clearly that, once the signature of the executive branch of the government has been affixed to a treaty, there is really no opportunity to render advice. The Senate, for instance, can only ratify or reject.

There is no chance to amend or modify the terms except by a new negotiation, which, of course, is difficult and often impractical.

SO SEN. Barry Goldwater, R-Ariz., was right in his speech last Friday night at the University of Wisconsin when he characterized the support of the joint chiefs for the nuclear treaty as

a "political" evaluation. He said: "And what they (the Joint Chiefs of Staff) have to say, and have said, must be weighed independent of the political decision which guided the formal statement of the joint chiefs."

"Why do I say that a political decision guided that statement? Aren't the joint chiefs supposed to be free of political pressure?"

"I submit, in answer, the summation of their own report. It flatly says 'there are military disadvantages to the treaty.' But they conclude by saying that the risks inherent in this treaty can be accepted in order to seek the important gains which may be achieved through a stabilization of international relations and a move toward a peaceful environment in which to seek resolution of our differences."

"The mention of risks, I say, is a conscientious military evaluation. The decision that the risks are acceptable is not. It's an echo of a State Department evaluation and not of one that necessarily sounds very deeply the real evaluations of our professional military men."

The official statement of the Joint Chiefs of Staff says pointedly that the risks inherent in the treaty can be accepted "if adequate safeguards are established." Now the debate has begun as to what the "safeguards" are and where the responsibility for providing them is to be placed. Gen. LeMay testified that no one has said as yet what safeguards would be provided. Two Senate committees have asked that the administration provide a "bill of particulars."

SEN. RICHARD RUSSELL, D-Ga., chairman of the Armed Services Committee, also asked the chiefs of the Army, the Navy and the Marine Corps whether they would have approved the treaty "in the absence of these safeguards," and each replied that he would not have done so.

In answer to a question from Sen. Bourke Hickenlooper, D-Iowa, Gen. LeMay said that "if you automatically cut off the political factors, there are net disadvantages from a military standpoint" to the United States.

While the joint chiefs are reported to have been kept informed in a general way from time to time about the course of the test-ban negotiations, Gen. LeMay testified that he was surprised at the administration's speed in hastening the final agreement toward the end.

As for voicing objections, Gen. LeMay declared that, once the pact was "initiated" or about to be, he doubted very much "that any of us would have gone to the President at that stage of the game."

Secretary of State Rusk, at a news conference last Friday, was asked whether there wasn't "an unresolved difference in this government" on the treaty, and he replied:

"I'm not sure that I would call such a difference unresolved. After all, the executive branch is headed by the president of the United States."

This is tantamount to saying that, despite the military expression of the members of the joint chiefs in their respective fields, they can be and are overruled by the president and by his civilian advisers who can place political experimentalism in international affairs above the necessary safeguards against nuclear advances by an adversary.

THE SENATE today is presented with a "take it or leave it" proposition. The upper house of Congress, which is a joint partner with the president in treaty-making, wasn't afforded an opportunity to give its "advice" before the treaty was signed. Now the treaty will have to be ratified, or else the Senate will be placed in the position of taking full responsibility for the consequences in the field of diplomacy.

If, on the other hand, Russia chooses to "cheat or abrogate"—as Gen. LeMay says might happen — it will be too late to argue about "political factors" or "net military disadvantages" of a treaty which may have put the United States behind in the nuclear-arms race.

## Beauty and the Beast

## Friend of U.S. Under Fire

By VICTOR RIESEL

RIO DE JANEIRO A few hours before I passed through Porto Alegre, Communist action squads, led by pro-Soviet labor activists, had rioted there.

They had attempted to storm the airport with a small army of some 800 men hauled there by a caravan of buses owned by the Brazilian government monopoly, Petrobras. No one was punished.

The Communist riot squads, after all, were demonstrating against Gov. Carlos Lacerda.

Remember his name well. He is one of the few men in this world who while campaigning for the presidency of his country does not hesitate to say he is a friend of the United States and that here can be no neutrals in the war between freedom and the Communists' blocs.

Mr. Lacerda, who plans to run for the presidency of Brazil in 1965, therefore is the object of the most intensively organized smear campaign in recent political history.

Internally, the neutral Brazilian government is attempting to crack down on him.

Externally, the Moscow radio, as late last July 17, has warned that if Lacerda, who now is governor of the State of Guanabara mostly covering the city of Rio de Janeiro, is elected president there will be massive retaliatory general strikes by Communist controlled Brazilian labor.

MOSCOW SHOULD know. Its training schools have turned out some of the top Brazilian union chiefs, including one who dominates Petrobras' huge army of employees. Petrobras is the largest corporation in Brazil, though it is federally owned.

A Petrobras general strike could cripple the nation's military forces by cutting off all fuel supplies. There is positive evidence in the hands of some here that the Communist labor people

at Petrobras are organizing for just such a general strike.

Communists in and out of the Brazilian government including a number of army generals—hate Lacerda because of his blistering specific attacks on their techniques and because of speeches such as the one he made at the opening of the American Fair here on July 19. To thousands of people, he said:

"The time has come to state, unmistakably, that it is precisely because they (the people of the United States) are patriotic that we Brazilians must feel friendly towards the United States. Not unconditionally or submissively. Not as silent partners. But as allies who walk in the same direction. As acting allies ready to receive help and convert it into common achievement in the same struggle for peace and progress which moves all free peoples."

"It's not true that the world is divided into two blocs and that those who refuse to enlist in either must belong to a third. The fight is not between the United States and Russia. It is between liberty and tyranny. And who is there to say that Brazil can be neutral, who is there to say that Brazil is indifferent, between tyranny and liberty?"

EXACTLY TWO WEEKS later, it was learned that the Brazilian Ministers of Justice and War were planning to deprive Lacerda's state of any internal police powers. The Goulart ministers want to take control of the Guanabara state militia, the Guanabara fire bridge and other police services from Lacerda.

Thus the federal government would have complete control of Lacerda's law and order forces and could oust him physically any time it chose—and without a fight.

Because Lacerda is outspoken and inflexibly anti-Communist, he is being smeared as a Fascist threat. There is reference solely to his anti-Communism. And because of his frank friendship for the United States, he is being attacked as a front for us.

Seldom does one hear or read here of his efforts in behalf of the people of his state. When he took office in December, 1960 for example, there was no room in the school system for over 110,000 children.

When applications for schooling were about to be distributed, parents would line up all night in front of the schools so they could be on hand for registration of their youngsters. Now there are so many new schools that there actually are 17,416 vacancies awaiting children. The same story is true of higher education.

## ANSWERS YOUR PROBLEMS

Dear Readers: I stirred up a hornet's nest with my advice to "Seeing Red." I told the woman she should be happy to have a mother-in-law who would take it upon herself to scrub, wax, polish, wash and iron when she came over to baby-sit with the grandchildren.

Hundreds of letters from mothers, mothers-in-law, daughters and daughters-in-law both applauded and attacked my point of view.

Here are some samples: BATTLECREEK, Michigan: I always got along splendidly with my mother-in-law. The chief reason was because she was an expert at minding her own business and she respected the privacy of others. She sat for me often when the children were small but never once did she attempt to take over my home in my absence. A mother-in-law who would tear apart her daughter-in-law's house and put it back together again is just trying to prove that her son married a lousy housekeeper.

NORFOLK, Va.: If "Seeing Red" will send her mother-in-law to my house I'll happily send her mine. Once in a blue moon my mother-in-law gets big hearted and offers to sit with our kids so we can have a night out. She comes over about 6 p.m. and gives the kids supper. Then she plants herself in front of the TV without even bothering to put the milk back in the refrigerator. When we get home we find the dishes still on the table, orange peelings by Granny's chair, and a can or two of beer on the coffee table complete with a wet ring. I repeat the offer. If "Red" wants to swap I'm willing.

LONDON, Ont.: Your advice to "Seeing Red" stank. It boils my blood when my mother-in-law comes over and "straightens things around." I interpret her sudden spurts of energy as a strong hint that I am lazy and inefficient. In the meantime her own home could use plenty of tidying up. Since you advocate minding one's own business, I fail to understand why you collapsed on this one.

OAKLAND, California: My mother-in-law is a life saver. She has bailed me out of many a tight spot and I love her for it. Believe me, with five youngsters under 8 years of age I'm not to proud to let her come over and pitch in. I, for one, would rather "See Red" than be

dead."

ANDERSON, S.C.: Advice like you gave "Seeing Red" doesn't help me one bit. My mother-in-law is one of those "takeover" types and it burns me up. The last time she "helped me out" it took me two weeks to find salt and pepper shakers and the bottle top. I'm still looking for my tea strainer.

KANSAS CITY: I'm one of those mothers who goes to my daughter's home and washes, irons, cleans, scrubs — anything that need to be done. My daughter works full time, as I did when I was a newlywed. I know she doesn't have the time or the energy to keep house the way she'd like to. What I do for her is out of love. I'm neither prying, nor am I trying to parade my competence before her and my son-in-law. All I want is to lighten her burden. She says I am an angel and I'm sure she means it.

DENVER: My daughters-in-law keeps house just like her mother—terrible. But when I go over there I'm deaf, dumb and blind. My son thinks she is perfection itself. Apparently he doesn't mind living in a pig's sty. This is astonishing, since he was raised in an immaculate home. But so long as they are happy together I don't care what their house looks like. My eyes are closed and my mouth is shut.

## Taste of Summer---Peach Cobbler

By GAYNOR MDDOX  
Remember the wonderful peach cobbler Grandma used to make? You can get the same aroma and taste with fresh peaches today. But with far less work.

The secret is the topping, which is made with a convenience package of easy coffee cake mix. It's the kind you find right in the plastic bag, after adding milk and egg. Just squeeze to mix. For the base, peach slices are sweetened with brown sugar and the cinnamon top which comes with the package of coffee cake mix. That's all there is to it.

### EASY PEACH COBBLER

Makes 6 servings

**Base:**  
5 cups sliced fresh peaches, 1/4 cup firmly-packed brown sugar, 1 tablespoon lemon juice, 1 envelope cinnamon topping from coffee cake mix.

**Topping:**  
One 1 1/2-ounce package easy coffee cake mix, 1 egg, unbeaten, 1/2 cup milk.

Heat oven to moderate (375 degrees), place peaches in 8-inch square baking dish. Sprinkle with

brown sugar, lemon juice and evenly over hot peaches. Sprinkle with 1 tablespoon granulated sugar. Bake in preheated oven (375 degrees) 30 to 35 minutes. Serve warm with vanilla ice cream.

Put egg and milk into large bag of mix. Squeeze upper part of bag to force air out. Close top of bag by holding tightly between thumb and index finger. With bag resting on table, mix by working bag vigorously with fingers. (Mix about 40 seconds or until egg is completely blended). Squeeze bag to empty batter

## Tuna Rarebit Quick Dish for Busy Days

A sharp cheddar cheese sauce with chopped pimiento accents the whole chunks of tuna and adds both color and zest to Tuna Rarebit. This succulent dish is served on crisp chow mein noodle with broiled tomato slices and a parsley garnish.

### TUNA RAREBIT

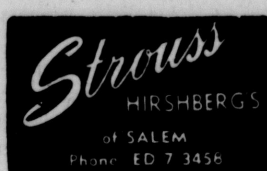

2 cups cold milk, 1/4 cup instantized flour, 1/2 tsp. salt, 1/4 tsp. pepper, 1/4 tsp. dry mustard, 2 tsp. butter, 1 tsp. Worcestershire sauce, 2 cups grated sharp cheddar cheese, 1 tsp. parsley flakes, 1 tsp. chopped pimiento, 1 can (7 oz.) tuna fish, drained and flaked, 1 can (3 1/2 oz.) chow mein noodle.

Measure cold milk into medium-sized saucepan. Thoroughly blend in instantized flour, salt, pepper, and dry mustard. A butter on bring to a boil over medium heat stirring constantly. Boil 1 min. Add Worcestershire sauce, cheese, parsley flakes, pimiento and tuna; continue cooking over low heat until cheese is melted and mixture is thoroughly heated. Serve over crisp chow mein noodles with broiled tomato slices. 4 to 6 servings.

## Deaths Funerals

### Charles R. Kindig

Charles R. Kindig, 87, of 791 Adelaide Ave. N.E., Warren, formerly of Salem, died of complications at 3:30 a.m. today at the Albert Nursing Home in Warren where he had been a patient one month. He had been in failing health for two years.

He was born in North Lawrence March 29, 1876, the son of William and Catherine Gorman Kindig, and until his retirement operated a farm in the Leetonia district. He was a member of the Presbyterian Church at Livonia, Mich., where he resided at one time, and was a former member of Midway Grange.

Mr. Kindig is survived by a niece, Mrs. Ted Cook, with whom he made his home for the past two years; a sister, Mrs. Loretta Spelman of Warren, and several other nieces and nephews.

Services will be at 1:30 p. m. Saturday at the Arbaugh-Pearce Funeral Home, with interment in Hope Cemetery.

Friends may call at the funeral home Friday evening.

### John A. Reeves

John Albert Reeves, 49, of N.W. Second St., Miami, Fla., formerly of Salem, was killed Monday afternoon when his car hit a pole while on his way home from work.

Born in Salem, he was the son of Fred and Arta Shinn Reeves. A resident of Miami since 1950, he formerly resided in Youngstown. He was an employee of the Darryl Corp. at Miami.

Mr. Reeves is survived by his wife, Frances; a son, Ronald, and a daughter, Nancy, all at home, and a sister, Mrs. Martha Haines of Youngstown.

Services will be at 2 p.m. Friday at the Hale Funeral Home in Miami. Burial will be in Miami.

### DR. BADER DEAD AT 77

Dr. Jesse Moren Bader, general secretary of the World Convention of Church of Christ Disciples who spoke at Holy Week services in Salem six years ago, died Monday in New York City, friends here have been advised. He was 77.

tion was heard miles away. Negro ministers, including the Rev. A.D. King, whose own home was dynamited in another bombing three months ago, climbed to the top of a police car to plead with the shouting Negro mob to disperse.

"If you are going to kill someone, kill me," shouted King, whose brother, the Rev. Martin Luther King Jr., is one of the nation's foremost integration leaders.

### Rocks Answer Appeal

Another barrage of rocks answered his appeal.

Police fired rifle and shotgun blasts into the air to break up the yelling crowd, estimated by police at 1,000 or more.

After the Negroes finally left, Moore ordered the area around Shores' home roped off to keep bystanders away.

City schools have been ordered by the federal courts to start desegregation at the beginning of the fall term Sept. 4.

The integration will start with the 12th grade in high school. There have been no open threats of violence for the opening of schools, but a tear gas incident last week and the bombing and rioting Tuesday night left residents uneasy.

He described the march as aimed at bringing into focus the "strong concern of a good many citizens" about racial relations. He said that he would meet with leaders of the demonstration.

## So They Say

What shakes you most is seeing little kids in traffic accidents. . . I don't mind seeing the dead. It doesn't bother me so much. It's watching them die that breaks a person up. I've had my stomach full of it.

## Matter of Fact

The ibex is an alpine goat. Once common in the Alps, the animal is now found only in parts of northern Italy and in the Swiss National Park. The forelegs are somewhat shorter than the hind legs, and the ibex is astonishingly agile in climbing.

## West Branch Open House Set Sept. 8

Clinton Heacock, executive secretary in the West Branch School District, announced today that the public is invited to view the new high school Sunday, Sept. 8, from 1-5 p.m., the fifth day after the opening of school.

Heacock and the Board of Education have told all school employees, including administrators, teachers, secretaries, bus drivers and cafeteria workers, to be at their posts of duty during the general observation of the new edifice just south of Beloit.

Finishing touches are now being put on the building's interior, particularly the installation of cabinets in the library, home economics department and other areas.

Dedication of the building will be held sometime in October, the administrator said.

The decision to delay this ceremony was made by the board so that the high school proper and the gymnasium may be dedicated simultaneously. The gym floor is being installed but bleachers will not be in place before fall.

laymen of the churches.

Rev. Chester Stanley of Damascus, general superintendent, who is serving a three-year term, in his annual report Tuesday stated that the fiscal year, 1962-63 "has been a great year," with the Unified Budget going over the top and a net gain in membership of 178. There have been gains in all departments, and the YM currently has 17 mission posts in Formosa (Taiwan). Other mission work is carried on in Central India and Nepal.

Guests introduced at the morning session were: Dr. Milo C. Ross of Newberg, Ore., a minister for 30 years, who has been president of George Fox College since June, 1954, and his wife, Alice; Dr. Mary Sutton, a teacher at George Fox College for many years, and Jeanette Hadley, member of the Friends Meeting in Washington, D. C.

Dr. Ross will speak at the gospel services at 11 a.m., and 7:30 p.m. daily through Saturday. On Sunday he will speak at the worship service at 10:30 a.m. and the concluding service at 7:30 p.m.

Speakers included on the program at the annual meeting of the Women's Missionary Union were Miss Betty Geisler of Hughesville, Pa., who recently returned from a trip to the Orient; Miss Betty Nittiger of Williamsport, Pa., who was engaged in mission work in India for 11 years, and Mrs. Russell Zinn, missionary to Formosa. Mrs. Zinn reviewed some of the problems of the missionaries.

Mrs. S. Sherman Brantingham of Salem, president, announced that this day marked the 30th anniversary of the women's group. The offering at this service amounted to more than \$2,000, which will be used to pay the expenses of Dr. and Mrs. Charles E. DeVol, veteran missionaries, who are returning to Formosa shortly after Yearly Meeting.

The women will hold a second meeting Thursday when officers will be chosen and Mrs. John Brantingham of Milan, outgoing missionary to Formosa, will speak.

Dr. DeVol and Rev. Russell Zinn were speakers for the Men in Mission meeting, which was held in the Damascus Friends Church. Harry Mosher of Westerville is president of this group. Herman C. Stratton of Salem is superintendent of missionary education for men.

Wednesday's sessions were taken up with various reports, and Dr. DeVol was speaker for the meeting of Ministry and Oversight Body set for 3:30 p.m. Sessions will continue through Sunday.

**West Branch Board To Name Principal**

The West Branch School District Board of Education will meet Thursday noon to consider applicants for the post of principal of Knox Local School, the sole staff vacancy to be filled before school starts Sept. 4.

John Pickens resigned the post to accept an executive post with the Monroe County School District. He had been Knox principal 17 years.

**DEPARTMENTS TO MERGE**  
AKRON, Ohio (AP)—The Summit County and Akron relief departments will be merged Sept. 1, a move that is expected to save taxpayers \$18,000 to \$20,000 a month. Leo Mulhearn, the present county welfare director, will head the combined departments.

Cape Sable, Fla., is the southernmost point in continental United States.

## Miners

and Throne talk and receive supplies, and the second one which broke through Tuesday night into the area where Bova is believed trapped.

Joyce listened at the one for Bova while the other miners talked through the companion hole some distance away.

Asked why Fellin and Throne were not questioned about his feeling that Bova had said nothing, Joyce replied: "We didn't want to get them excited."

Bova's wife, Eva, 32, continued to hold out hope after learning of the report from the other miners.

However, one of his brothers, Peter, 58, said then: "My brother is going to die. I know it and he knows it. But his wife is there and he doesn't want her to know the truth. He's been a miner too long not to realize the shape he's in."

**Began After Dawn**

Drilling of a new escape hole began shortly after dawn as a dense fog shrouded the area. It was so thick at the time it was impossible to see the top of the 10-story-tall drilling rig.

Drilling of the original escape hole had to be abandoned soon after midnight at a depth of 193 feet because it was cracking the roof above Throne and Fellin and experts feared another cave-in.

Expert drilling crews had worked 22 hours before it was decided to halt the operation on the advice of two of the trapped men. David Fellin, 58, of Shepton and Henry Throne, 28, of Hazleton, who have been directing rescue operations through a microphone lowered down their lifeline hole. Fellin and Throne reported the drilling, apparently to close to them, was cracking the roof.

H.B. Charnbury, Pennsylvania secretary of mines, said workers would start as soon as possible on another hole 18 feet west of the abandoned one.

Authorities reported that at the moment they did not plan drilling any more six-inch holes.

**Ask Better Directions**

They asked Fellin Tuesday night to try to give them better directions as to where he was located in relation to the surface since, in drilling operations, there sometimes tends to be a drift from surface to underground.

Rescuers apparently were unable to pierce a lifeline hole to Bova, who has been without food since the cave-in Aug. 13. In a second attempt Tuesday night the workers were successful in drilling a twin six-inch shaft estimated to be about 15 feet east of the one through which contact was first established with Fellin and Throne Sunday night.

But it could not be determined immediately where Bova was in relation to the second lifeline.

"Lou, Lou!" yelled members of the drilling crew down the tiny opening over and over. Their voices echoed in the silence of the night as there was no response.

Then, from Fellin's side of the subterranean gallery, came word that he and Throne had heard Bova's voice for the first time since Monday morning when Fellin reported that Bova apparently suffered a hip injury.

**Word Spread Quickly**

The word spread quickly. A crowd of 100 cheered the news.

Fellin, who had been yelling, "Lou, Lou," since Monday morning in efforts to get a response, said he talked to Bova twice but it was not clear what Bova said.

Fellin reported Bova was weak and "I told him 'don't waste your energy.'"

"If you hear me, rap on the roof," Fellin shouted to Bova. Bova tapped twice.

Later, Fellin shouted to Bova, "rap twice if you are bleeding, once if you are not." Fellin, a part owner of the mine, told authorities at the surface he heard one rap.

Fellin requested a pick. He reported he was filing a saw to aid in shoring so he could cross over to where Bova was located, estimated previously to be about 25 feet away. He said he was using old lumber down in the workings of the mine.

to take off on 30 minutes notice, and all army units west of the Euphrates were prepared to move within half an hour.

The moves came less than 24 hours after Syria announced an armed clash with 15 Israeli armored cars on the 70-mile armistice line. Both Syria and Israel announced an air battle between Syrian MIG17 fighter planes and Israeli Mirages.

Each nation claimed its fighters shot down one of the other's planes. Each accused the other of violating its air space.

Syria filed a complaint against Israel with the U.N. Security Council. The council was expected to meet in New York Friday or early next week.

Syria instructed its U.N. delegation to file countercharges.

## Rotarians Hear District Governor

The objects of the Rotary Club and aims of Carl Miller, new president of Rotary International, were discussed by S. N. McIntosh of Millersburg, Rotary district governor, when he made his official visit to the Salem club Tuesday.

He discussed various activities of the local club and expressed approval of them.

McIntosh, who lived abroad 11 years while working for the U.S. Department of Agriculture, spoke of the failure in many communities to bring foreign students into American homes. He stated that often a student has been in this country for three or four years and has never been inside an American home.

Ewing Farrington, local president, introduced the speaker. Sixty Rotarians were present for the luncheon meeting at the Memorial Building.

The Canfield Post of the State Highway Patrol said the students' car was northwest bound on Route 14 when an auto driven north by Wade Courtney of RD 1, Salem, pulled from Route 534 into the girls' path.

After the collision, the girls' car went off the highway and struck a car owned by Stratton Chevrolet Co., parked in their lot nearby.

Courtney was cited for failure to yield the right of way.

## The Granges

**Smith Officers Named**

Mrs. Mildred Gednetz was elected master of Smith Grange when officers were named at this week's meeting.

Other new officers are:

Mrs. Raymond King, matron to juveniles; Dale Hall, overseer; Mrs. Louis Stahl, lecturer; Paul Jewell, steward; Louis Stahl, assistant steward; Mrs. Stump, chaplain; Burton Bowersock, treasurer; Harry Watkins, secretary; Glen Turner, financial secretary; King, gate keeper; Dorothy Dennis, Ceres; Mrs. H. H. Pomona Hazel Close, Flora; Russell Woolman, executive board member; Mrs. Hammond, pianist; Mrs. Eugene Courtney, home economics; Hazel Mizer, lady assistant steward; Stump, dance committee president; Jewell, vice president; King, treasurer; Watkins, forester; legislative agent, Hammond.

Mr. and Mrs. Ralph Stump were appointed to the lunch committee for the Sept. 3 meeting.

freedom secured and democracy achieved."

The state of siege apparently approximated martial law, which the U.S. and other embassies had advised their governments was in force earlier in the day.

Normal communication channels between South Viet Nam and the world were cut, and a censorship blacked out all news dispatches.

Diem ordered the crackdown on the Buddhists after a growing wave of religious suicides by fire, mass demonstrations, rioting in Saigon, Hue and other cities and growing foreign criticism of his government for not making peace with the Buddhists.

Saigon Radio said the armed forces raided at least three Buddhist pagodas in Saigon early today.

A special information bulletin said a large quantity of printing equipment was found at the Xa Loi pagoda, center of the Buddhist resistance in Saigon; that three mines and 10 daggers were seized at the An Quang Pagoda, and a submachine gun, 14 plastic explosive charges and a radio were seized at the Ravada pagoda.

The broadcast made no mention of casualties or arrests.

## Schools

ght must teach metals, wood and mechanical drawing.

A total of some 1,510 students will attend classes this fall from kindergarten through 12th grades, a slight increase of about 18 pupils over the 1962-63 term. The high school will have 400 pupils, the junior high, 235 and kindergarten through sixth grades, 875. Of the 875, McKinley building will have 515 and Lincoln, 360. The school population increase represents the addition of about one classroomful.

**LEETONIA HAS** scheduled two teachers' conferences on Aug. 29-30. The first day will be an orientation workshop for new teachers, including Dean Cunningham, band director; Mrs. Anne Lower, elementary; Mrs. Lois Sweitzer and David Claypoole, junior high English and social studies; Wayne King, elementary physical education; and Nova Jean Edgerton, Virginia H. ed. I, Mrs. Janet Shears and Mrs. Kathryn Patterson, elementary. Mrs. Renee Duko is returning to teaching after a year's leave of absence.

A complete revamping of school textbooks, including the purchase of new editions in cases where the text is the same, or the purchase of new, improved texts is a major accomplishment, Wood believes. The administration, board of education and faculty reviewed all texts used from kindergarten through 12th grades the past few months.

Also new are an expanded high school reading program, made possible by the purchase of three more reading machines, bringing the total to five and a modern mathematics program in grades one through eight.

**COLUMBIANA Enrollment Rises**  
THE COLUMBIANA Exempted Village School District has picked up about 93 additional pupils since the end of the 1962-63 term, bringing the total to 1,638, according to superintendent D. W. Bailey.

The high school expects an enrollment of 669, Joshua Dixon School (kindergarten through third grade), 567; and South Side School (fourth through sixth), 402.

All the buildings have been reconditioned this summer to put the classrooms and other parts in tip-top shape for the opening day Sept. 3. Orientation for teachers is Aug. 30 when final instructions will be handed out.

Another bus has been added, bringing the fleet to six. About half the student body is transported to the three schools, Bailey said.

The district has its traditional low teacher turnover this year, with only three new teachers employed and two replaced. New instructors are Robert Hutton of Salem, chemistry and biology; Robert Gessler of Poland, English and social studies; and Mrs. Elva Huffman of North Lima, who will teach an extra first grade section. This is the first year in Columbiana's history that five beginning sections have been needed.

Replacements on the 63-member faculty are Mrs. Thelma Anderson of the Columbiana-East Palestine Rd., senior high English, and Mrs. Gladys French of Columbiana, fourth grade.

No major changes have been made in school policy since the close of last term, Bailey said.

**FAIRFIELD-WATERFORD 1,000 Plus**  
A TOTAL OF 1,035 students, about 35 more than last year, will go to the three schools in the Fairfield-Waterford School District Sept. 4. Superintendent Joseph Driscoll says.

Crestview High School will have 280, the Fairfield building 460 and New Waterford, 295.

A joint meeting of all school district teachers will be held at Crestview at 9 a.m. on Sept. 3. Building principals Al Dobson of Fairfield, Mrs. Ruth Miller of Waterford and David Habeger of the high school will convene in the afternoon.

A meeting has been scheduled for Aug. 20 at 2 p.m. at the Fairfield building to orient teachers and parents of kindergarten pupils.

Driscoll said the pre-first graders will be divided into three sections during the first week of school.

## Business Expansion Gets Columbiana Council's OK

By MRS. CHARLES WRIGHT

COLUMBIANA — James Stiller, operator of the Dairy Queen on E. Park St. will go ahead with plans to enlarge the building and parking lot after Council voted, at Tuesday's regular meeting, to reject an appeal asking that the permission be rescinded.

Permission had been granted by the planning commission July 11 and was followed by an appeal to the commission to reverse its decision which was duly rejected.

Next came the appeal to Council. As chairman of the planning commission, Mayor Lee Harrold stated that much thought had gone into the commission's decision to allow the enlargement. He said that he felt the commission would be doing Stiller an injustice

by denying him the right to enlarge. The commission specified certain restrictions for the benefit of nearby property owners. Closing hours were set at 11 p.m. weekdays and midnight Saturdays and Sundays.

Stiller must also erect a fence which meets with the approval of Cecil Esenwein whose property adjoins the Dairy Queen property and must erect a light barrier in the form of a fence or hedge which would face E. Friend St.

In other business, Council last night passed a motion authorizing the purchase of 400 feet of two and one-half inch hose at a cost of approximately \$2 to \$2.35 per foot and also approved purchase of two new ladders and a possible third for the fire truck.

Clerk George Snook read two letters. The first was from the county auditor's office, stating that the budget for Columbiana met with his approval and would not require a hearing unless requested. A letter was also read from the Ohio Fuel Gas Co. to the effect that there would be no change in gas rates for the period of Sept. 1 to Nov. 30.

Following consultation with R. Donald Hisey, street commissioner, Council suspended the rules and voted to accept for maintenance an 186-foot portion of N. West St. Hisey informed Council that seal-coating would begin today on E. Park Ave. and S. Main St. and that blacktop would be applied about the first of next week.

Police Chief William McGuckin expressed concern about school children crossing N. Main St. at 6th St. rather than at the Salem St. crossing in previous years and stated that, with a new school year starting Sept. 3, he urges parents to impress upon their children the importance of crossing at designated school crossings.

Police Chief William McGuckin expressed concern about school children crossing N. Main St. at 6th St. rather than at the Salem St. crossing in previous years and stated that, with a new school year starting Sept. 3, he urges parents to impress upon their children the importance of crossing at designated school crossings.

Senate ratification of the treaty, he concluded, would be "a tragic and dreadful mistake" which could destroy the United States because the treaty is "not a step for peace but rather a step away from safety, possibly a step toward war."

Gen. David M. Shoup, the Marine Corps commandant, told a news conference in Los Angeles on Tuesday that the pact is "one drop of water on this fuse which is burning toward a nuclear holocaust."

## Columbiana Rotarians Have Farmer's Night

COLUMBIANA — Rotary Clubs "Farmer's Night," held at Firestone Farms and featuring a steer roast, was attended by 100 members and guests Monday. Forty Rotarians and guests from the Rotary Club at New Wilmington, Pa., also attended.

Charles Harper, Rotary president, manager of Firestone Farms, welcomed the visitors and spoke briefly concerning the history of Firestone Farms. He said the first Firestone came here from Pennsylvania in 1797, built a log cabin in 1804 and brought

Holloway.

Also present was Helmut Berg of Lensaka, Germany, who is a guest of Mr. and Mrs. George Seederly. Berg lived with the Seederlys during 1957-58 and attended Columbiana High School. He will soon be attending the University of Freiburg.

Next week's program chairman is Tom Hess, Rotarian Maurice Michaud will show pictures of his European trip.

There were four other visiting Rotarians, Don Rohrer of Salem, Dean Hoover of Boardman, Frank Duffy of Struthers and Ralph Hartenbaugh of Rochester, Pa. Other local guests were A. C. Ferguson, Ray McCormick, Leland Mackall, Ross Dillon and Ewing

will begin Jan. 1. One hundred fifteen persons attended the picnic.

Games and activities were in charge of Robert Edwards and food arrangements were in charge of Art Edling.

A board of directors meeting was held following the picnic at the home of Dr. Chester Dewalt of Firestone Ave. Plans were completed for the Oct. 12 visit of the Mills Brothers Circus to Columbiana, which is being sponsored by the Kiwanis Club.

## Youngstown Gets Federal Works Money

YOUNGSTOWN — U. S. Rep. Michael J. Kirwan has announced federal approval of \$3,193,420 worth of accelerated public works projects in Youngstown, Campbell, Struthers and Lowellville. Federal moneys will amount to \$1,539,200 with the remaining \$1,654,220 supplied by communities sponsoring the projects.

Biggest project of all is a \$1,390,000 new water treatment plant for Campbell with that city and federal government sharing the

cost. There is a \$208,000 project for a hanger at Youngstown Municipal Airport with federal funds amounting to 90 per cent. Largest of the 11 Youngstown projects is a \$341,000 central garage on the site of the old St. Anthony Church in the W. Federal Street urban renewal area. Federal grant for this is \$129,500.

Youngstown projects total \$1,250,000 with \$579,500 in aid; six Struthers jobs amount to \$429,700 with federal grants of \$207,400 and one Lowellville project \$132,000 with the federal government paying half.

Kirwan said the projects are made possible by an additional appropriation for accelerated public works.

## Jambalaya Finds Flavor Everywhere

Probably no Southern dish has been made more ways than Jambalaya — spelled, according to Webster, without an "h" at the end.

But two things never vary. Jambalaya includes rice and lots of seasoning. And its origins are definitely Creole.

What accompanies the season-

ed rice is a moot point. In the 1900's New Orleans cooks made Jambalaya with fresh pork, ham and pork sausage. They used seafood versions, too: one included crabmeat, another shrimp.

In the latest Louisiana cook book, "The Art of Creole Cookery" by William I. Kaufman and Sister Mary Ursula Cooper, O.P. (Doubleday), there are no less than six recipes for Jambalaya. One includes chicken, ham and pork; one relies on chicken alone; one features oysters; two versions call for shrimp; and an Arcadian version uses ground pork. Co-author Sister Mary Ursula is Chairman of the Home Economics Department at St. Mary's Dominican College in New Orleans and so she is well acquainted with the Jambalaya recipes that find favor nowadays. The following rule is a variation of a popular one—in North as well as the South—calling for shrimp, ham and tomatoes, when we tried the recipe in our kitchen, we made it "hot" with tabasco sauce to give it authentic flavor.

### SHRIMP & HAM JAMBALAYA

2 tablespoons salad oil, ½ pound precooked smoked ham, diced, ¼ cup butter or margarine, 2 medium onions, finely chopped, 1 clove garlic, finely chopped, 1 green pepper, finely chopped, 2 cups long-grain rice, 1½ cups water, 1 can (1 pound, 12 oz.) whole tomatoes, 1 bay leaf, crumbled, 1½ teaspoons salt, ½ tea-

spoon to taste, 2 pounds fresh shrimp (cooked, shelled and deveined.) Heat oil in large skillet. Add ham and cook until lightly browned. Remove from skillet and set aside. Add butter to remaining oil in pan; add onion, garlic and green pepper. Cook gently until tender. Add rice and cook stirring constantly, until browned. Add water, tomatoes (including juice), bay leaf, salt, pepper and tabasco; break up tomatoes. Cover and simmer, stirring occasionally for 25 minutes or until rice is tender. If mixture becomes dry add a little water. Add ham and shrimp. Mix lightly; transfer to a large casserole. If desired garnish with green pepper rings, "as is" or parboiled. Heat covered in a hot (425 degrees) oven about 10 minutes. Makes 8 servings.

Note: cooked small shrimp are fine for this recipe; if you use medium shrimp, you may cut them in half lengthwise, retaining their shape.

### A Million Dollars to Relieve Itch of Piles

It is estimated that over a million dollars a year is spent on various remedies to relieve itch of piles. Yet druggists tell you that cooling, astringent Peterson's Ointment soothes pile torture in minutes, 40¢ box or 85¢ tube applicator. Peterson's Ointment gives fast, joyful relief from itching. Be delighted or money back.

## The Doctor Says

By Dr. WAYNE G. BRANDSTADT

### Health Questions, Answers

Q—For the last several months my throat has been dry. I have used camphor to swab my throat for relief. Is camphor injurious to the throat?

Dr. Brandstadt

A—Dryness of the throat may be due to chronic irritation from a postnasal drip. If this is present it should be treated. Camphor will not harm the throat but the mechanical effect of passing a mop or swab of cotton over the throat will serve to aggravate the condition. Why not use the camphor (or eucalyptus or benzoin) in a steam vaporizer and inhale the steam?

Smoking should be avoided. Drinking plenty of water and sucking peppermint lozenges will help but medicated lozenges and candy that contains glycerin should not be used. It is also important to avoid stress or excessive nervous tension.

Q—My menstrual periods have always come every 28 to 30 days but in the last three months the cycles were 36 days then 32 days then 22 days. What would cause this irregularity?

A—Irregularity of the menstrual periods is usually due to some mild disturbance in the glands of internal secretion. If your thyroid activity is lower than normal, you may need to take thyroid extract. This would then re-establish regularity. If your thyroid is not at fault, your doctor may want to try one of the estrogen preparations (ovarian hormones).

Q—I have heard of people having a craving for such things as plaster or clay but I have a different problem. I am not pregnant but I can't leave chewing gum alone. I chew the sugar out of it then eat the rest by stretching it over my tongue and swallowing it by threads. Will it do any harm to continue this habit?

A—Many different substances, not ordinarily considered to be food, are eaten compulsively. Some people who have these ap-

petites are suffering from anemia, glandular disorders or some dietary deficiency. In others the cause must be sought in some deep-seated emotional disturbance. In most instances the digestive tract tolerates these substances if they are not actually poisonous. Swallowing gum is probably as harmless an idiosyncrasy as you could ask for.

Q—I have a blood pressure of about 200 most of the time. I feel depressed in the mornings and always have a headache when I get out of bed but as the day goes on I feel better. Is my high blood pressure the cause of these symptoms?

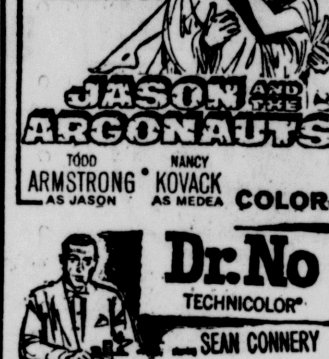

A—It is possible to have a very high blood pressure and not be aware of any symptoms at all. Since persons with high blood pressure are often overly tense they frequently have a morning headache which is more likely to be caused by their nervous tension than by their blood pressure. Such drugs as reserpine (obtainable only on prescription) accomplish both a lowering of the blood pressure and a lessening of nervous tension.

## Cooking Is Fun

### DINNER FOR FOUR

A range-top skillet dish just right for two couples.  
Madrilene Russe, Mushroom Chicken, Almond Rice, Fruit Compote, Beverage.

### Mushroom Chicken

2 1/2 pound ready-to-cook broiler-fryer cut up, 1/4 cup flour, 1 teaspoon salt, 1/4 teaspoon pepper, 1/4 teaspoon paprika, 1/4 cup butter or margarine 1 can (6 ounces) broiled whole mushrooms, Evaporated milk, undiluted, Medium sherry.

Coat chicken with a mixture of the flour, salt, pepper and paprika. Brown well in butter in a large skillet; cover and cook until tender, turning as necessary—30 minutes or longer. Remove chicken and keep warm. Add liquid drained from mushrooms to skillet; stir over low heat to get up browned particles. Remove from heat. Add enough undiluted evaporated milk (1/2 to 2-3 cup) to make a thin sauce; strain, if you like, and return to clean skillet. Add mushrooms and sherry to taste; heat but do not boil or sauce will curdle. Replace chicken in skillet and serve. Makes 4 servings.

### ITALIAN SUPPER

Ever try this way of cooking green peppers?

Veal Chops, Mashed Potatoes, Fried Peppers, Sald Bowl Crusty Rolls Fruit and Cheese Beverage.

### Fried Peppers

1 pound long thin tapered light-colored green peppers, 2 to 4 tablespoons olive oil, 1 clove garlic, peeled and halved Salt and pepper.

Halve peppers lengthwise and remove seeds and membranes. Cut into strips that are about 3/4-inch wide; if peppers are very long, they may be halved crosswise. In a large skillet, heat olive oil with garlic; add peppers; cover and cook, turning often, until peppers are as soft and browned as you like. Remove garlic. Add salt and pepper to taste. Makes 4 servings.

### SUMMER SUPPER

The friend who gave us this recipe recommends it because it has a "beautiful color and delicious flavor."

Cold Meat with Potato Salad Vegetable Relish, Toasted Buns, Ice Cream Shortcake with Strawberry Sauce.

Jane Golden's Strawberry Sauce  
1 quart strawberries, 1/2 cup sugar, 2 tablespoons cornstarch, 1/2 cup orange juice 1 tablespoon lemon juice.

Wash berries and drain; hull and slice. In a saucepan stir together the sugar and cornstarch; gradually stir in orange and lemon juices keeping mixture smooth. Add strawberries. Cook and stir constantly over moderate heat until clear and thickened. Cool. Serve over sponge cake topped with vanilla ice cream.

# Salem Grid Coach Is Planning For Strong Bench

## 8 Positions Are Wide Open

Fans Notice Extra Effort By Players

By MARK W. MILLER  
News Sports Editor

It is not known for certain yet where Salem's potential strength lies, but one thing is apparent during early football drills: Coach Don Clarico appears to be planning for a strong bench.

Battles are being waged at eight positions with such enthusiasm that the new Quakers' mentor remarked, "We are approaching satisfaction with the overall program."

"Most of the players are eager to learn. The juniors and seniors have a good attitude and have shown plenty of hustle and desire thus far," the coach commented.

Late during Tuesday morning's practice, a member of the "hustle" unit shouted to his group, "Come on let's go nobody's tired."

The entire squad was starting its final phase of the initial daily practice, and the boy's remark seemed to give the first team a needed lift.

Most of the fans watching the drill were talking about the second effort that some of the prospects were putting forth.

On the forward wall some of the players would be knocked down and get right back up, maybe only to be knocked down again.

A few of the backs were also trying to get extra yardage after being tackled by one or more linemen.

It is more apparent each practice that the Quakers are beginning to develop the pride that was lacking during the initial day of workouts.

Three boys are making an interesting scrap for the two tackle posts, and according to Clarico, they are equal in ability and size. Larry Reader is the biggest of the prospects seeking one of the two starting tackle posts. He weighs 220 pounds.

Howard Lambert, 210, out most of last year with an injury, and Lloyd Adams, 212, add beef to the line.

Mike Joseph, 170; Art Spack, 175; Dave Walker, 175; and Mike Sweeteye, 165, are closely matched in the tussle for the starting ends.

At guard, Tom Hutson, 165; Gary Starbuck, 190 Ron Evans, 175; Harold Schramm, 165; and Rodney Reiter, 145, are in a fierce scrap for the opening day starting assignments.

Mike DeRenzo, 155; Dyer Scott, a 165-lb. athlete from United; Cody Goad, 160, and Bob Melinger, 150, are making bids for the two halfback positions.

The Quakers will get their first test under fire in a three-way scrimmage at Perry all day Saturday. The Red and Black open their season at home against Cleveland Lincoln, Sept. 6.

## Browns Face 49ers In Exhibition Next

HIRAM, Ohio (AP)—The Cleveland Browns are a bit banged up as they prepare for Sunday's exhibition game in San Francisco's Kezar Stadium with the 49ers.

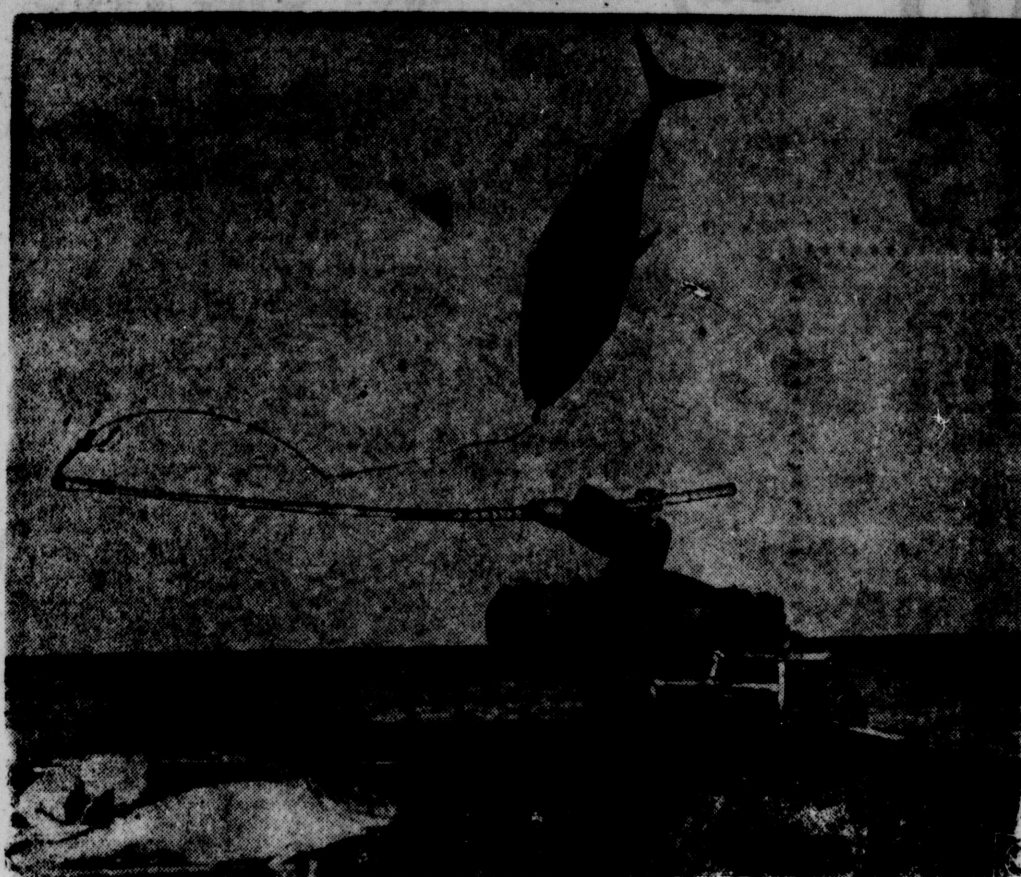

Monte Clark, the big offensive tackle obtained from Dallas to replace Mike McCormack, is showing some improvement on his knee injury and will accompany the team to the West Coast.

Both Clark and linebacker Mike Lucci, who has a sprained ankle, didn't participate in Tuesday's workout. Defensive tackle Frank Parker did some running, but he may not be ready for the 49ers' contest. Andy Cvercko, who has a jammed neck, limited his work to jogging around the field.

The Browns break camp here Friday and will cut some players from the 51-member roster before then. The club must be down to 43 players by next Tuesday. Coach Blanton Collier said he has made up his mind tentatively on some of those to be cut but wants to do some more checking before making an announcement.

## Trims Rodgers, Cupit In Playoff

## Palmer Qualifies For Golf World Series Set At Akron

By JOE MOOSHL

AKRON, Ohio (AP)—Those bristling golf duels between Arnold Palmer and Jack Nicklaus take on added glitter the next

three weeks with one or the other having a chance to win \$39,000. Palmer qualified for the \$75,000 World Series of Golf when he smacked down Phil Rodgers and

Jacky Cupit on Tuesday in a three-man playoff. Palmer shot an impressive one-under-par 69 over the Firestone Country Club's massive 7,165 yards, which played unusually long because of recent rains.

Rodgers had a 37-37—74, and Cupit 38-38—76, while Palmer came in with 34-35, nailing two birdies and straying from par only once.

Palmer will defend his American Golf Classic title here beginning Thursday, and the no. 1 challenger will be Nicklaus. The \$50,000 Classic, drawing a field of 92 including some of the country's top amateurs, has a first-place prize of \$9,000, with an additional \$5,000 in bonuses.

Should either Palmer or Nicklaus win the Classic and its bonus money the winner will be in position for the \$39,000 sweep.

After the classic, the twosome will hook up with Gary Player in a \$50,000 exhibition in Waukegan, Ill., for a top prize of \$25,000 before returning to Firestone for the World Series on Sept. 7-8, which will pay the winner \$50,000.

Also featured in the World Series will be U.S. Open champion Julius Boros and British Open champion Bob Charles. Nicklaus won the Masters and the PGA, leaving one spot open and Palmer grabbed it in the playoff with Rodgers and Cupit.

The Yanks scored in the sixth on a triple by Bobby Richardson and an infield out. Jack Kralick 10-12 and Barry Latman 7-7 were the Indians' mound selections in the two-nighter tonight against Al Downing 8-4 and Sam Williams 6-3).

## Coveted Trapshoot Title Up For Grabs At Vandalia

By FRITZ HOWELL

Associated Press Sports Writer VANDALIA, Ohio (AP)—One of trapshooting's most coveted championships, the wide open 16-yard North American title, went up for decision today at the 64th Grand American.

The 200-target route is the same followed the last two days in the big shotgun carnival but the previous events were minor compared to this one.

In the previous races the shooters, gathered here from all the states in the Union, have fired against those of comparable ability. But this one is a free-for-all.

Today's event winds up the 16-yard division in the week-long Roaring Grand. The final days will be taken up by handicap and doubles shooting.

The little fellows had their day Tuesday as the class championships were decided. In some added events, the Illinois five-man team broke 987 of 1,000 targets and out-shot all other states. Missouri was second with 985 and Ohio third with 984. In a special doubles race, a tuneup for Saturday's finale, Larry Gravestock, sporting goods dealer from Amarillo, Tex., broke the entire 100 twin clays, which are thrown simultaneously. It was only the second perfect score in doubles ever registered here and only the 27th ever made in the country.

Two Reno, Nev., hotshots cap-

tured the Champion of Champions races for state titleholders in shootoffs late Tuesday. Dan Orlich broke 50 straight to outshoot two others for his third straight men's crown. James W. Hunter, 17, cracked 25 straight to win the junior title from two others.

The Class AA championship was to be decided in today's event after darkness halted a shootoff Tuesday night.

Class winners included: C: men—Dale Mount, Columbus, Ohio.

D: women—Ida M. Fyffe, West Jefferson, Ohio.

## Pukalski Wins Golf Playoff

Ed Pukalski shot a one-under-par 35 to beat John Smith (36) and Al Juhn (37) in a Salem City Open Amateur playoff at Robbyn's Knoll Monday.

He dropped in a 40-foot putt for an eagle on the 520-yard par five hole which gave him a lead of one stroke over Smith and two over Juhn that he held the rest of the way.

The playoff was held to determine the trophy winner. All three are tied in the Class AA division with 72s and are entered in the second round of the event at Flying B over the weekend.

## Dodgers Pick Up Steam Again, Lead By 6½ Games After Trimming Cards

By MIKE RATHET

Associated Press Sports Writer Turns out that sound we heard last week wasn't the Los Angeles Dodgers pushing the panic button after all, just Al Dark with a harmless bee in his bonnet.

Since last Thursday, when Dark's defending champions from San Francisco had trimmed the Dodgers' National League lead to three games, all the sting has gone out of the Giants.

The front-running Dodgers, meanwhile, have reeled off six consecutive victories—the latest a

7-5 decision over second-place St. Louis that increased their lead to 6½ games.

Milwaukee handed the Giants their fourth straight setback, riding Lee Maye's three-run tie-breaking homer to a 6-1 victory at San Francisco. The loss dropped the Giants 7½ off the pace and one game in front of Philadelphia.

The Phillies, who split with the New York Mets, had their eight-game winning streak snapped on a four-hit 4-0 shutout by rookie Grover Powell but took the second

game of a two-nighter 2-1 in 12 innings to close up on the Giants. Cincinnati's Joe Nuxhall posted his 100th NL victory in a 1-0 victory over Houston, and Pittsburgh defeated the Chicago Cubs 5-3.

The Dodgers trailed 4-2 going into the fourth, but a five-run fourth inning beat the Cardinals, who came into Los Angeles fresh from a three-game sweep of the Giants.

Bill White's error on a grounder by John Roseboro let Frank Howard and Willie Davis score with

the tying runs. Singles by Maury Wills and Jim Gilliam then drove in the lead run and Ron Fairly hit a two-run single that put it out of reach. Bob Miller, 8-8, protected the edge with five innings of one-hit relief work.

Giants' starter Billy Pierce took a 1-0 lead into the seventh but consecutive singles by Gene Oliver, Joe Torre and Roy McMillan scored the tying run and brought on Bob Bolin. Bolin got two outs before Maye drove his homer over the left field fence. Bob Sadowski, 3-5, got the victory with Bob Shaw's three innings of scoreless relief. Pierce, 3-9, took the loss.

## A's Blank Senators 9-0; Chisox Belt Bosox

## Blasingame's Bunt Single Ruins Drabowsky's Bid For No-Hitter

By JIM HACKLEMAN  
Associated Press Sports Writer  
In this age of specialization, Don Blasingame ranks as a specialist's specialist. He spoils no-hit bids.

Washington's handsome second baseman did it again Tuesday

night with a fourth-inning bunt single, the only hit off Moe Drabowsky in the opener of an American League doubleheader at Kansas City. The Athletics romped in the first game, 9-0, with Doc Edwards batting in five runs, and won the second 7-5 in 14 innings

on Jerry Lumpe's two-run homer. Blasingame also played the spoiler against Stan Williams of the New York Yankees on Aug. 6, doubling for the lone Senator hit off the right-hander. Last year with Cincinnati, Blasingame ac-

counted for the only hit against Cal Koonce in a game against the Chicago Cubs.

Dick Donovan's steady pitching and Vic Davalillo's run-producing single in the ninth inning led Cleveland over New York 2-1 Tuesday night, trimming the Yanks' American League lead to 8½ games. Chicago's runner-up White Sox belted Boston 10-2 as lefty Juan Pizarro became a 15-game winner for the first time in his career with a five-hitter.

Hank Aguirre pitched a two-hitter and got home run support from Rocky Colavito and Norm Cash in Detroit's 6-0 shutout of Minnesota.

In addition to the bunt hit by Blasingame, Drabowsky allowed just two walks in the rout of Washington. Edwards drove in his five runs with a homer, double and single. Claude Osteen was the loser.

Lumpe's homer in the 14th inning of the second game came off loser Don Rudolph with two out, breaking a tie that had lasted from the seventh. Dave Wicksham was the winner in relief. Yankee southpaw Whitey Ford, 17-7, survived bases-loaded jams in the seventh and eighth innings at New York, but couldn't get by the one in the ninth. Woodie Held's double, a walk to Donovan and a single by Jeffery Kindall filled the bases before Davalillo sent in the deciding run with his two-out hit.

## McNicol Wins Honors In K of C Golf Tourney

Bud McNicol took low net honors in the first annual Knights of Columbus Council 1818 golf tournament held at Flying B Course recently.

Other awards went to Chuck Slaven and Jack Grace, Leo Taugher, low putts; Paul Galchick, closest to pin on No. 3; Ed Conlan, longest drive on No. 4; George McCloskey, closest to pin No. 6 and "Hap" Graham, longest drive on No. 9.

Dan Buchmann was chairman for the event. A total of 45 K of C members and guests competed.

## Sports In Brief

LIMA, Ohio (AP) — Evansville, Ind., carries a season record of 49 victories in 58 games into the American Legion baseball finals at Keene, N.H., after winning the Region 5 crown here Tuesday.

The Hoosiers won five games without a loss in the seven-team regional, winding it up by beating Kenosha, Wis., 4-2.

YOUNGSTOWN, Ohio (AP) — Sixteen teams will compete in the National Amateur Baseball Federation junior tournament, which starts here Saturday and will continue through next Tuesday.

Pairings for the first round of the double elimination meet are: Louisville, Ky., vs. Cincinnati; Chicago vs. Dayton; Erie County (N.Y.) vs. Hyattsville, (Md.) Philadelphia vs. Youngstown Zieard; Pittsburgh vs. Buffalo; Memphis, Tenn., vs. Youngstown McAuley; Baltimore vs. Akron; Cleveland vs. Detroit.

WILLIAMSTOWN, Mass. (AP) — Ohio's last hopes in the Women's National Amateur Golf Championship evaporated in Tuesday's second round as all three Buckeye contestants lost.

Terry Marinaro, Fresno, Calif., defeated Maggie Martin, St. Clairville, 6 and 4; Mary Lowell, Hayward, Calif., shelved Mrs. Frank Stranahan, Toledo, 6 and 5, and Doris Phillips, Belleville, Ill., ousted Rene Powell, East Canton, 2 and 1.

HUNTINGTON, W. Va. (AP) — Seven Ohioans are among 51 entries in the qualifier here next Tuesday for the U.S. Amateur Golf Tournament. The low five scorers over 36 holes at Guyan Golf and Country Club will advance to the national event Sept. 9-14 in Des Moines, Iowa.

## LEAVES BOND IN LISBON

LISBON—Richard E. Kruegel, 30, Cleveland, forfeited a \$15 bond Tuesday in County Judge James L. MacDonald's court when he failed to appear on a charge of speeding. He was cited by the State Highway Patrol.

## Butts' Court Victory To Be Appealed By Post

ATLANTA (AP)—The Saturday Evening Post plans to fight a \$3,000,000 judgment awarded former University of Georgia football coach Wallace Butts by a federal jury which decided that the Post had ruined Butts' reputation.

It was one of the largest libel judgments ever rendered.

Immediately after the jury reported on Tuesday, attorneys for the Curtis Publishing Co. said they will appeal.

The jury, composed of 12 men who never played football, heard 11 days of testimony and arguments regarding a March 23 Post story that said Butts gave inside information on the Georgia team to Alabama coach Paul (Bear) Bryant before the 1962 Georgia-Alabama game. Alabama won 35-0.

Much of the testimony, especially by football coaches and players, dealt with intricate football maneuvers and strategy.

Butts, who was athletic director at Georgia at the time of the game, sued for \$10 million. He and Bryant have maintained their innocence of any attempt to rig the game.

The jury, after deliberating about eight hours, awarded Butts \$3,000 for general damage and \$3 million for punitive purposes. The

jury agreed with Butts' contention that there was malice in publication of the article.

The Post still faces a \$10-million suit filed by Bryant. No trial date has been set.

After the verdict, Butts told a news conference: "I feel very humble and grateful, particularly to the people who have stood by me throughout this trial and the days which preceded it."

He said he hopes to return to coaching. Butts was a longtime coach at Georgia before being named athletic director in 1961.

The magazine article, written by Frank Graham Jr., said an Atlanta insurance salesman, George P. Burnett, overheard a telephone conversation between Butts and Bryant prior to the 1962 game.

Burnett was quoted as saying he was accidentally cut into the long-distance conversation and heard Butts giving game secrets to Bryant.

Butts, Bryant and other coaches, plus some Alabama and Georgia players, testified that no game secrets were disclosed and that information in notes allegedly made by Burnett during the conversation was of no consequence.

Johnny Griffith, who succeeded Butts as coach at Georgia, said, however, that the information could have had a bearing on the game.

## Moose Knocks Off Gold Bar; Old Dutch Wins In Playoffs

Moose No. 571 avenged earlier defeats during the regular season by knocking off Gold Bar 8-4 in the City Softball Class A League playoffs at Kelley Field Monday.

Old Dutch rallied for four runs in the bottom of the fourth, to break a 3-3 tie, and went on to whip Salem Merchants 9-3, in Class AA action.

The Moose took a 4-0 lead in the initial inning on two walks, and singles by Mike Paster, Paul Paster, Don Schuster and Tom Foreman. Jim Hughes clouted a home run for the winners in the fourth.

Gold Bar cut the deficit 4-3 in the second as Jim Eckstein hit a home run, John Eckstein walked and Dave Williams and Jerry Bryson hit singles.

Schuster hit two doubles and a single to pace Moose. Don Casey was the winning pitcher. Bob Morris and Eckstein had two hits apiece for Gold Bar. Bryson was the losing hurler.

Three walks, a sacrifice, an error and a single by Jim Barnes gave Old Dutch its four markers in the fourth. Bob Stallsmith hit a home run in the sixth.

The Merchants tied the score 3-3 in the third on a walk, an error, singles by George Alek and

Bill Panzott and a double by Ron Shaffer.

Barnes led Old Dutch with three hits. John Stoffer was the winner pitcher. Panzott, the losing hurler, paced the Merchants with two hits.

## Music Centre, Robbyn's Win League Races

Salem Music Centre is the National Division champion and Robbyn's Knoll have captured the American bracket title in the Robbyn's Golf League.

The loop completed its season recently with the Deerfield Circle Pump working its way from fourth to second in the final week of action, in the National group.

Music Centre compiled a 94-62 record and Deerfield posted an 88-62 mark. Eljer No. 1 (87½-62½) tied Salem Moose, who slipped from second, for third place.

Top Notch Pizza No. 1 took top team honors for the last week of play with a combined 155. Al Citarella paced the squad with a 37 and his teammate George Miskely carded a 38. Roland Ritchey of Pittsburgh also chalked up a 37, while Jack McCleary of Circle Pump, Ed Hunt of Burkey and Dave Schuster of Pittsburgh carded 38s.

Robbyn's Knoll led all the way during the campaign and finished with a 100½-49½ record. Julian Electric was next at 97½-52½ and Penn Grill was a close third with a 96-54 mark.

Penn finished the season by capturing the team win the last outing with a 158 combined score. Gene Smythe equaled par 36. Si Wagner of Saxon No. 1, and Ralph Knepper of Penn Grill posted 37s, while 39s were carded by "Demps" Balsey and Don White

## Lide Retires

Rufus L. Lide of Westville Lake, whose retirement as state game protector in Columbiana County was effective Aug. 1, will no longer write his weekly Field and Stream column for The News.

Lide, back from a vacation to Florida and North Carolina, said today his loss of close contact with district sportsmen makes it difficult for him to obtain pertinent information for a newsy column. He is contemplating spending his winters at Waycross, Ga.

of Penn Grill, Jack Mitchtree of Mahers Appliance, Lloyd Scott and Ken Williams of Julian Electric and Ray Bowers of Log Cabin.

## Obnoxious Remarks

By HAL BOYLE  
NEW YORK (AP)—Remarks a big business executive gets tired of hearing:

"I realize that most men in your financial bracket worry themselves into ulcers, but our medical examination shows that you are sound as a nut."

"I wouldn't keep him waiting, sir—I believe he's from the Internal Revenue Service."

"Kindly lower your voice, Mr. Bascomb O. Bascomb. This is your house, not your office—and I'm your wife, not your hireling."

"But really, Mr. Bascomb, it's terribly difficult trying to take dictation while sitting on someone's lap."

"There's only one thing he hates worse having around him than a yes-man—and that's anybody who tells him no."

"Every time he loses an argument at home he has to win two at the office."

"I believe you'll find our sales chart more readily understandable, sir, if you'll turn it around and hold it right side up."

"Look at the bags under his eyes. You just know this is going to be a rough day."

"He spent all morning pushing buttons and scaring his vice presidents. I don't think he'll get around to scaring us until this afternoon."

"It's my salary I wanted to speak to you about, Mr. Bascomb. My wife said for me to tell you that—"

"He brought his golf clubs with him. I guess we can all sneak out early today."

"Yeah, Mabel, he and the board chairman were having a knock-down-drag-out argument over

who'd get to use the company yacht this weekend. Oops, here he comes now. Ring you back later with the rest of the dirt."

"This is the biggest economy wave he's launched yet. He's ordered us to save all the paper clips that come in the mail, and use them on our letters."

"The only safe thing to do is to start chucking the moment he begins to tell a joke. Then if you miss the punchline, it won't make any difference."

"Bascomb didn't invent the three-martini lunch, but he ought to build a monument to the guy who did."

### SARASOTA SALAD BOWL

(8 to 9 servings)

1 medium head lettuce, 2 cups fresh orange sections, 2½ cups cooked, diced chicken, 6 tablespoons Roquefort cheese, crumbled, 1-3 cup fresh lemon juice, 1-3 cup salad oil, 2½ teaspoons salt, ½-teaspoon paprika, ¼ teaspoon ground black pepper, ½ teaspoon garlic powder.

Wash lettuce, pat dry and tear leaves into small pieces. Place in a salad bowl along with orange sections, chicken and Roquefort cheese. Combine lemon juice, salad oil, salt, paprika, ground black pepper and garlic powder. Pour over salad and toss lightly. Serve as a main-dish luncheon or supper salad.

### Chicken Mousse Graces August Butter

This handsome chicken mousse is a little on the gourmet side of life. But preparing it is easy for anyone who can read a recipe. We had it at a buffet supper in New York at the home of Mabel Stegner, one of the best-known home economists in the country.

#### CHICKEN MOUSSE

(9 large or 18 medium servings)  
4½ cups chicken broth, 3 envelopes unflavored gelatin, 1 teaspoon onion powder, 1 quart (about 1½ lbs.) finely diced chicken or turkey, 1 pint shredded carrots, 3 cups heavy cream, whipped, 2 cans (6 oz. each) broiled mushroom crowns, ½ cup

mushroom broth, ½ cup cider vinegar, ½ cup dark brown sugar, 1 tablespoon whole mixed pickling spices. Place 1½ cups chicken broth in a small saucepan and sprinkle

in gelatin. Place over low heat and stir until gelatin is dissolved. Remove from heat and stir in remaining 3 cups chicken broth and the onion powder. Pour into a 4-quart bowl and chill mixture to the consistency of unbeaten egg white. Stir in chicken and carrots, then fold in whipped cream. Turn into a lightly oiled 3-quart mold or into two 1½ quart molds and chill until firm, preferably overnight. Meanwhile, drain mushrooms. Combine ½ cup mushroom broth with vinegar, brown sugar and pickling spices and bring to boil. Place mushrooms in jar or other suitable container and pour hot vinegar mixture over mushrooms. Cover tightly and place in refrigerator for at least 24 hours. Unmold Chicken Mousse and garnish with pickled broiled mushrooms and carrot rings with parsley or watercress bouquets.

### Granges

#### Guilford Awards Nine

Silver Star certificates were presented to nine members completing 25 years of continuous membership when Guilford Grange met Saturday evening in the grange hall. Esther Scott presided at the presentations.

Those receiving certificates were Lebert Barber, Olive Barber, Albert Dunn, Clyde Farmer, Elizabeth Farmer, Hazel King, Minnie Miller, James Rhodes Sr., and Clara Rhodes.

The program for the evening was dedicated to the honorees, with the roll call answer being, "Things We Didn't Have 25 Years Ago."

Sadie Belat gave a reading, "Old Fashioned Paths." A piano solo, "Cossack Dance," was presented by Gloria Lindersmith and Clara Rhodes was in charge of a quiz.

The minutes of the meeting held by the grange 25 years ago were read.

Effie Walton spoke briefly on the progress being made in forming a Civic Interest Group in Winona. It was announced that the Youth Banquet will be held Sept. 16 at Willow Grove Grange.

Following the meeting the 25 year members were honored with a supper.

New officers will be elected at the next meeting Sept. 14 at 8:30 p.m.

A word from **THERON** at the Country Store

This is the week of the Columbiana County Fair. This week we intend to go down and buy a 4-H beef or two. We are not going to buy the champion or bid on it this year but we do want to do a little to help these young boys and girls in their wonderful projects.

The strict regulations which government has placed on business makes it almost impossible to hire young people, the farm is still a place where children can still learn to work and enjoy it.

# Hints from Heloise

— By Heloise Cruse —

Dear Heloise: There are many of us who live in old, old houses with the original unfinished wood floors. We use an oil-type polish on our dry mops.

About once a month most of us buy a big bottle of this, pour it on the floor and smear it. Sometimes too much oil gets in one place.

I learned to take a gallon-sized fruit jar, pour about a half-cup of oil in this and put my clean dry mop down in the pail and let it sit a day or two before using it. This way I get no unsightly streaks or too much oil in one place.

Recently I discovered that I

could pour this oil into a bottle with a finger pump on top, and after damp-mopping the floors thoroughly, I just walk around the house and spray the floors lightly and then go back over it with my oil mop.

Most of these old houses have wide baseboards, so there isn't much danger of getting oil on the wall paper IF you hold the bottle low toward the floor. This certainly saves oil, time and it's quick and easy.

The oil does not seem to get in the head and center of the mop but only absorbs on the lower strings, which also makes it easier to wash the mop and get it really clean.

few windows for circulation... then dip a piece of cotton in cologne, oil of cloves, or vanilla, etc., and attach it to the front of my electric fan or air conditioner with a piece of tape. It works rather well, and quickly, too.

"Church Spies in the Changing City" was the theme of the program and worship service for the Phala Moore Circle, C. W. F., of the First Christian Church, which met Monday evening at the Morgan House.

Mrs. Bernard Smith, group leader, presided at the business meeting when the purchase of a garbage disposal for the church kitchen was approved.

A work day, sponsored by the May Pritchard and Phala Moore Circles, will be held at the church Aug. 28.

Sept. 20, the group will have a rummage sale at the Masonic Temple store-room. Mrs. Edgar Kirk is chairman, assisted by Mrs. Harold Adams, Mrs. Don Carman and Mrs. Willis Coleman.

Mrs. Harold Mattix was program leader, and Miss Meretta Kirk had the worship program.

Mrs. Jerry Carman served as hostess.

The next meeting of the Phala Moore Circle will be Sept. 16, and a general meeting of the Christian Women's Fellowship will be held Sept. 18.

DEAR HELOISE: I have been "presented and presented" with bushels of nylon hose full of runners-beyond wearing! I am supposed to make something out of them I wonder if any of my coffee friends have any ideas? Surely there is a better plan than dumping them in the incinerator, need help.

GRANDMA.

DEAR GRANDMA: Do not despair, I'm sure that many of our thrifty housewives have answers for you.

If you have any ideas, please jot them down and send it to Heloise. The best ideas will be published and I'll be most grateful to you.

## TIGHTER RULES SET

HAMILTON, Ohio (AP) — The Butler County Commission has backed County Welfare Director Warren L. Harding in setting tighter rules for hospital and medical bills of poor county residents. The commission said Tuesday that hospitalization will be cut to 10 days maximum, with not more than one renewal of 10 days, and bills stemming from brawls and shootings that may be aired in court will be rejected.

The commission earlier had decided only emergency cases could be considered for hospital attention since the county relief fund faces a possible \$80,000 deficit.

## HELD IN WIFE'S DEATH

WAVERLY, Ohio (AP) — Arraignment was held in Pike County Hospital Tuesday for Robert J. Brust, 53, of Beaver, who pleaded innocent of his wife's murder by reason of insanity. Brust is in fair condition after turning a .22 caliber rifle on himself after the June 26 slaying. His estranged wife was shot at her father's home.
